

Idrotonic_{plus}

TO RECOVER THE ELECTROLYTIC BALANCE

is a food supplement of Magnesium, Potassium and Creatine. Magnesium contributes to electrolyte balance, to a reduction of tiredness and fatigue, and to the normal energy-yielding metabolism. Potassium contributes to the normal muscle function and to the maintenance of regular blood pressure.

Functional ingredients:

Magnesium, Potassium, Creatine.

How to use:

1 or 2 sticks a day in a half glass of water.

Pack:

12 stick
