TO ELIMINATE ABDOMINAL GAS

is a food supplement of vegetal extracts, with Lactobacillus acidophilus, Vitamins B1, B3 and B6. Ginger, Fennel, Star anise and Cumin promote the digestive functioning (together with Papaya), the regular gastrointestinal motility and the gas elimination (together with Passion flower). Lactobacillus acidophilus promotes the intestinal flora balance.

Functional ingredients:

Vitamin B3, B6, B1, Probiotics, Fennel, Star Anise, Papaya, Cumin, Ginger, Passion Flower.

How to use:

2 tablets a day, preferably before the main meals.

Pack:

60 tablets
